Headquartered in Las Vegas, Nevada, with a team of licensed architects, civil engineers and quantity surveyors in Manila and Cebu, Philippines, the company's key markets include the USA, Australia, UK, Republic of Ireland, UAE, and Kingdom of Saudi Arabia.

Our services are further structured into four divisions, each specializing in distinct areas to ensure that we cater to every aspect of your requirements. With a commitment to excellence and a track record of delivering exceptional results, ADDMORE Services is your partner for success.

## DIVISION 1

# ENGINEERING DRAWINGS AND ERP SOLUTIONS

Leveraging state-of-the-art CAD software and a team of seasoned Engineers, Architects, and drafters, ADDMORE specializes in producing detailed and accurate workshop drawings that serve as the blueprint for fabrication, assembly, and installation processes.

**Millwork, joinery, case goods and all woodworking manufacturing drawings** play a pivotal role in the construction industry, particularly in the context of custom wooden elements.

**Dimensional stone tiling, Architectural metalwork, glazing and other specialist shop drawings** and services are also provided.

High-quality shop drawings are essential for achieving successful construction outcomes, ensuring accuracy, and maintaining project integrity.

## ERP SOLUTIONS

In partnership with [Crownsnest](#), ADDMORE Services provides ERP end-to-end solutions and project management originally designed for the millworking industry but also equally suited to many specialist subcontractors with a manufacturing /fabricating responsibility.

## DIVISION 2

# PROJECT MANAGEMENT, FF&E SOURCING AND CONSULTANCY

ADDMORE provides full project management teams consisting of internationally qualified selected individuals with great clear communication skills to manage all aspects of design and construction projects.

We analyze every requirement and provide flow, process and organizational charts to help you get a better overview and with real-time updates of the project delivery and status.

We ensure that in-house quality control and accuracy are always a priority.

## SERVICES

- Estimate and negotiate project costs.
- Formulate a baseline budget and monitor the actual project cost.
- Create baseline schedules and work timetables using Microsoft Project and Oracle Primavera P6 planning software.
- Determine which methods and strategies are appropriate for the project.

## DIVISION 2

# QUANTITY TAKEOFFS AND COST MANAGEMENT

Our experienced team of surveyors and estimators offers a comprehensive range of services to manage costs efficiently and facilitate smooth construction project execution, including:

## COST ESTIMATION

Our experts provide accurate cost estimations for your projects, enabling better budget planning and control over project finances.

## BILL OF QUANTITIES (BOQ)

We thoroughly prepare the BOQ to minimize discrepancies and facilitate a clear understanding of project scope, materials, and costs.

## POST CONSTRUCTION ANALYSIS

We review and analyze completed projects for lessons learned that can contribute to streamlining future projects and minimizing financial risk.

## DIVISION 3

# ARCHITECTURAL DRAWINGS, BIM SERVICES AND RENDERINGS
