IN ADDMORE

ADDMORE Virtual Studio

We are pleased to introduce to everyone, ADDMORE Service's new division: ADDMORE Virtual Studio.

ADDMORE Virtual Studio has been formed to provide end-to-end customized services & solutions to the AEC industry globally. Through this, we further highlight our BIM services and what exactly each entails.

ADDMORE Virtual Studio offers 360-degree AEC BIM services for the entire lifecycle of a building project. This comprises of consulting, conceptual design, visualization, construction, fabrication, energy analysis, as-built + FM, pre-construction, survey, and data library.

2D SERVICES

We provide customized 2D architectural drafting services as per requirement.

3D SERVICES

We deliver a range of professional & high quality 3D architectural visualization, photomontage, rendering and animation services to retailers, architects, general contractors and subcontractors.

4D SERVICES

We deliver 4D models which enables the various participants (from architects, designers, contractors to owners) of a construction project, to visualize the entire duration of a series of events and display the progress of construction activities through the duration of the project.

5D SERVICES

We deliver a 5D model which enables the various participants (from architects, designers, contractors to owners) of a construction project to visualize the progress of construction activities and its related costs over time.

6D SERVICES

ADDMORE Virtual Studio is an emerging Building Energy Modeling services provider company helping architects, builders and property developers in Green Building initiatives and LEED certification.

7D SERVICES

The 7D model is usually delivered to the owner, when a construction project is ready to be closed-out.

OTHER BIM SERVICES

- Co-ordination and clash detection
- Laser scan to BIM
- Family Creation
- Consulting

Talk to one of our BIM specialists for more details when you book a free 30-minute consultation with us.

THANK YOU, 2022

This year, ADDMORE has a lot to be thankful for, including our clients, and our employees who continue to provide professional and high-quality services. We are also thankful for a great year of new opportunities for everyone in the team. To celebrate the coming Thanksgiving, we are having a special 10% offer on our ADDMORE Virtual Studio, Dimensional Stone, Tiling and Terrazzo Drafting services, Architectural Construction and Contract Documentation, and Quantity Surveying services.

OUTSOURCING YOUR DIMENSIONAL STONE, TILING, AND TERRAZZO DRAFTING NEEDS

Shop drawings are extremely important to the Stone, Terrazzo & Tiling industry. The drawings show the contractor's interpretation of the construction document set in reference to the scope of work in contract. Quality shop drawings detail and document all requirements of design parameters, and are used by project managers for material ordering, take-offs, fabrication & installation.

Flooring shop drawings often include spaces like kitchen, washrooms and public areas. Stone is usually added to bar counters, walls and exteriors of the buildings.

Accurate dimensioning of the tile terrazzo or stone is done to help the installers with perfect alignment of the finishes. Some dimensions, however, need to be verified at the construction site. Notes explaining this situation are often marked upon the drawings.

Commonly used materials for exterior building finishes include brick tiles, stone and siding.

Materials used for interior finishes range from manufactured tiles to natural stone, and include hardwood, laminate, carpet and vinyl.

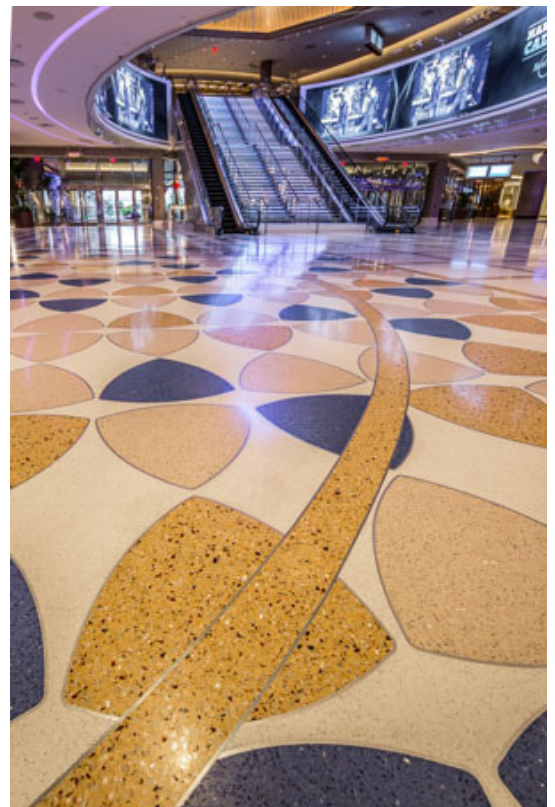

Manufactured tiles include ceramic, porcelain and glass tiles.

A typical set of drawings will contain the following: cover sheet, key floor plan sheet, enlarged floor plan sheet, elevation sheet, detail sheet, counter tops and reception desks.

The shop can be drawn per your standards, title block & company logo.

Professional CAD Shop Drawings For The Stone, Terrazzo & Tiling Industry:

- Floor & Wall Tiling
- Kitchen Counter Tops
- Reception Desk
- Back Splash
- Stairs
- Terrazzo Flooring

Our drafters are experienced in stone, tiling and terrazzo drafting and detailing, providing high-quality solutions for custom and complex dimensional stone, tiling and terrazzo projects, shop drawings to construction team and cutting lists to production team.

STAFF HIGHLIGHT: MARIO TAWASON

Mario, our resident CAD Manager, has been with ADDMORE since 2020. He is currently working in Cebu, supervising the CAD drafting team in the Philippines.

Mario has worked in one of the leading Fit-out and Joinery companies in the Middle East, meeting our President and Managing Member, Colin Addley. Since then, they have worked together and have known each other for 18 years now. This experience and history ensures excellent internal communication with our head office in Las Vegas, Nevada, USA. This has also allowed him to effectively and professionally lead our team of qualified drafters. We give Mario a big kudos for constantly producing quality work and performance for ADDMORE.

FALL HIGHLIGHT FESTIVITIES IN ADDMORE

Recently, the team at ADDMORE had a well-deserved long weekend to give way to the Halloween festivities and declared holidays both in the USA and the Philippines.

Here's our President, Colin Addley, enjoying the Halloween weekend with his family. ADDMORE will not trick you but will definitely treat you to the best prices available in the Spirit of Outsourcing. We all hope you had as much fun as we did during the Halloween festivities!
